ALLA TARANTELLA.

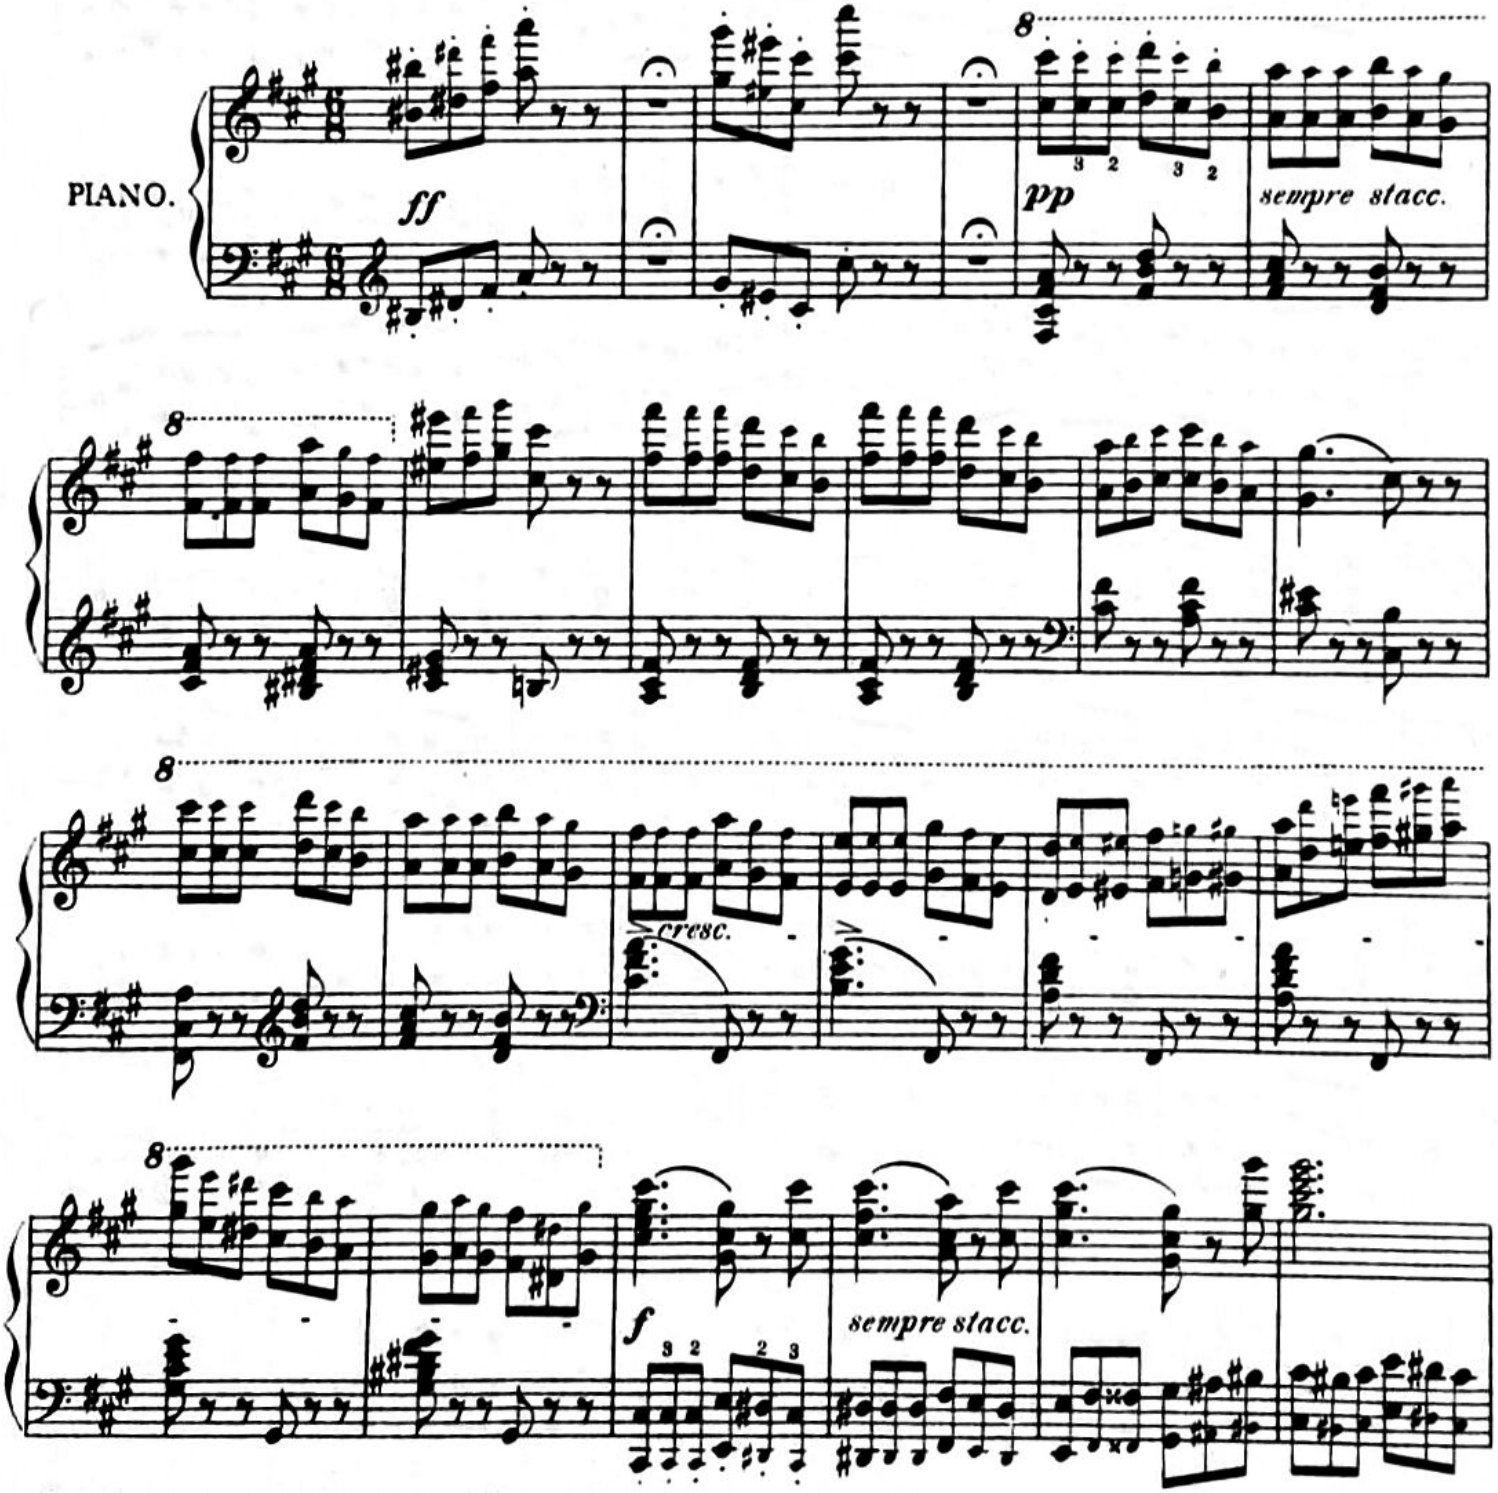
Vivo. (Quasi Tempo di Tarantella.)

J. L. Nicodé.



NB. Although the execution with *"real"* Octaves (actually only demanding endurance on the part of the performer) may appear easier than that with so called *"blind"* Octaves, the most thorough practice of the latter manner is however strongly recommended. On account of its peculiar fingering (3, 2) its execution requires unfailing certainty and correctness — not to speak of other technical advantages offered by it, which the experienced teacher will easily point out to the industrious pupil.
